Dear Chairman Cole and Ranking Member DeLauro

I am requesting funding for a Seismically Resilient Water Treatment Plant Chemical Building in fiscal year 2025. The entity to receive funding for this project is the City of Hillsboro, located at 150 E. Main Street, Hillsboro, Oregon 97123. The funding would be used for engineering, permitting, planning and required studies for a seismically reinforced building foundation. The project is an appropriate use of taxpayer funds because in the event of a Cascadia Subduction Zone earthquake, the Joint Water Commission Water Treatment Plant needs to quickly restore water service for the health of the more than 450,000 residents the Plant serves, and to protect semiconductor production—a matter of strategic national importance.

The project has a Federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Suzanne Bonamici  
Member of Congress
